The intention of the document is to assist in the application for WAIVER for Proceeding 02-6 In the Matter of Schools and Libraries Universal Service Support Mechanism.

I hereby request an extension to file B.E.A.R Invoicing for funding year 2014. The deadline was 10/28/15 and I missed it by 1 day due to a family emergency. I called USAC on 10/29/15 to filing the extension and was advised to create online case (Case #23157) with USAC requesting the extension. I called back on 11/2/15 to check status and was informed that I was ill-advised and that I should first file a waiver with the F.C.C.

I ask to please grant this extension as it may be a matter of job security.

Thank you,

X
